Superior and reliable tracking in harsh environments

Lommy Rock is a sturdy GPS tracker, developed for tracking in rugged environments, where robustness and resistance to wear and tear are key criteria.

Keep track of your belongings – the easy way – even under harsh conditions

Lommy Rock is a small GPS battery-powered tracking device specially built for monitoring vehicles, machinery and assets, even in harsh conditions.

Lommy Rock monitors the exact GPS location of your belongings and provides reports in a report interval of your choice.

Track down in case of theft or loss. To stay even more in touch with your belongings, it is possible remotely to adjust settings and manage alarms according to your needs.

A sturdy waterproof housing, cutting-edge technology and reliable GPS positioning ensure accurate and stable monitoring.

Lommy Rock has no wires and is easy to mount and conceal.

Simply place your Lommy Rock into your belongings and you are ready.

Lommy Rock L

Keep track

Sturdy GPS tracker for easy monitoring of your belongings, visible on web, smartphone or tablet. Set up email alerts to receive a warning in the event of an unwanted incident.

Accurate positioning

Advanced GSM technology combined with accurate GPS positioning provides reliable and accurate monitoring.

On the move

Activate the built-in motion sensor and Lommy Rock will send positions, if any movement occur. Moreover, activate the notifications to get an alert.

Battery powered

Efficient power management combined with secure technology ensures optimal utilization and makes Lommy Rock a great investment.

Easy to mount, easy to use

Simply place Lommy Rock on an object, that you wish to monitor – no assembly or wires are required. Easily manage the settings and alerts remotely.

Track down, if lost

Track the position of your lost belongings in a secure way by using a combination of GSM and GPS. As the device is small, easy to hide and difficult to trace, the recovery rate is extremely high.

Lommy Rock

Secure and reliable tracking
